ORTHODONTIC INSTRUMENTS

ABOUT AVILLON

Avilon Industries was established in 1990 in Sialkot, the city is known around the world as the heart of surgical and dental instruments industry.

Owing to our extensive experience, state of the art manufacturing technology and a team of highly skilled craftsmen, we are capable of meeting the needs of modern surgery at a global standard.

During this period from its establishment, due to its strong leading management team role positive professional approach, and skilled plus trained workers, and life saving devices producing organization.

We the management, staff and workforce at Avillon Industries are sincerely grateful to all our customers and partners around the world who have supported us right from the beginning and helped us to earn such a brilliant success in this industry.

We plight that in the years to come we will make all the possible efforts not only to keep up with our current quality standards but also to further improve them to meet the modern challenges in this industry.

For this purpose we will always be welcoming the comments and guidelines from our valued customers and partners.

All products listed in our catalog are a few from our vast product range, you can send us your own design, reference no. from any international catalog for making counter sample for you.

ORTHODONTIC INSTRUMENTS

Quality Craftsmanship

- All our Pliers and Cutters are hand crafted, using the finest grade 420 type Stainless Steel. They feather a smooth, strain finish for reduce glare, and easy clean surface, and are corrosion resistant. Handle size , shape and weight create perfect balance .
- The cutting edges of all instruments are manufactured from custom blended specialty alloy which offers many advantages all over tool steel and tungsten carbide .
- Stand up to all methods of heat sterilization up to F°/ 188° C.
